

CryptoGuard awarded as Super Company for the third consecutive year

Motala, 1 November 2019

For the third consecutive year, CryptoGuard has been awarded as Super Company by Sweden's leading business newspaper "Veckans Affärer" together with analysis company Bisnode. This prestigious award recognizes Sweden's fastest growing and profitable companies.

The criteria for the Super Company — a company need to meet a number of tough criteria in matter of growth, profit, revenue, effectvity, capital structure and financing. Only one per thousand of the Swedish companies qualify and this year 717 Swedish companies where awarded as Super Company.

Once again, CryptoGuard has fulfilled these criteria and Kjell Carlswärd, CEO of CryptoGuard comments "We are very proud to be recognized for this awards, for the third consecutive year. This proves that our hard work is paying off and the interest in our products and solutions is growing. I would like to thank our highly motivated team, and all of our customers and partners for making this possible."

About CryptoGuard

CryptoGuard is a global provider of Pay-TV content protection solutions such as Conditional Access (CAS) and Digital Rights Management (DRM) for any platform DVB, IPTV and OTT. CryptoGuard's CAS platform is flexible, scalable and cost-effective and supports a "pay-as-you-grow" business model enabling content security for any-size of network. The future oriented CAS platform can be extended with Multi-DRM and OTT support where the operator can manage also mobile devices from a unified headend.

CryptoGuard was established in 2007 in Sweden and today its solutions have been deployed in 50+ countries worldwide, with a number of national TV broadcasters selecting CryptoGuard as its security partner. CryptoGuard is well positioned with sales offices on three continents and with an extensive partner ecosystem.
